

Implementation of National Bamboo Mission Projects in Kerala
Projects by Jawaharlal Nehru Tropical Botanic Garden & Research
(JNTBGRI), Thiruvananthapuram

Jawaharlal Nehru Tropical Botanic Garden & Research Institute (JNTBGRI) under Kerala State Council for Science, Technology & Environment (KSCSTE) maintains diverse bamboo species and their different hereditary lines along with records of their pheno-events such as growth, flowering, fruiting, death and details on progenies.

Establishment of Crafts Centre by JNTBGRI

A Crafts Centre is being set up at JNTBGRI Campus at Palode, Thiruvananthapuram District. The raw material is collected from JNTBGRI Bambusetum for craft preparation and is utilized to train interested villagers in it. The attempt thus can empower the rural people, especially women through self-employment and income generation.
